DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The claims are patentable over the prior art of record, because the teachings of the references taken as a whole, do not show or render obvious the combination set forth in claims 1 and 15 "said lower guide shoes are attached to an upper surface of a lowermost one of said crossbars" and claim 19 "each said crossbar includes two crossbar plates arranged in parallel vertical planes spaced apart a width of said crossbar and between which said beams are fixed, each said crossbar plate having at approximately half height several horizontal slots formed therein in which horizontal welding plates connecting said crossbar plates are welded such that vertical passage openings are left open for receiving said beams, and wherein said crossbar plates have in a region of said beams vertical slots formed therein in which vertical welding plates connecting said crossbar plates are welded so that said beams are laterally fixed thereto".

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric Pico whose telephone number is 571-272-5589. The examiner can normally be reached on 6:30AM - 3:00PM M-F.

Art Unit: 3654

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Katherine Matecki can be reached on 571-272-6951. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
